RoHS 3.0 Compliance Declaration

As a manufacturer of iron powder cores, Micrometals understand the international environmental policies and principles in EU Directive 2011/65/EU and EU Directive 2015/863, and hereby declares that we will comply with these regulations. Micrometals will work together with our customers to observe these environmental standards, monitor our products and manufacturing processes, avoid the use of restricted or banned materials or chemical substances, use only components, products and packaging which meet the standards set by the RoHS 3.0 Directive. The scope of the environment-related substances includes the substances listed below as defined by the EU Directives noted above. Any possible unintentional RoHS trace elements present are less than 100 ppm.

Cadmium	Less than 100 ppm
Lead	Less than 1000 ppm
Mercury	Less than 1000 ppm
Hexavalent Chromium	Less than 1000 ppm
PBB	Less than 1000 ppm
PBDE	Less than 1000 ppm
DEHP	Less than 1000 ppm
BBP	Less than 1000 ppm
DBP	Less than 1000 ppm
DIBP	Less than 1000 ppm
